## LEARNING ITALIAN in TREVISO

### **GROUP COURSE**

Group courses are organized into small classes and are divided into 4 lessons per day, of 45 minutes (from Monday to Friday, from 9:30 to 13:00, with one rest period). They are subdivided into 6 levels (beginners, elementary, intermediate1, intermediate2, advanced1 and advanced2) and normally last two weeks, although it is also possible to enroll for only one week or for a longer period. The classes are formed with a minimum of 3 to a maximum of 9 students. The usual is 4-5 students per class. The first day of classes all students take a test that allows the teachers to separate the students into various classes of similar students. If, after the test, a group is formed with fewer than 3 students, the price remains the same as for a group course – even though these are practically private lessons – and there will be a reduction in the lessons of 60 minutes. In this way we can guarantee to the students a quality course, instead of placing them in another group at too high or too low a level. At the end of the course we award a certification of study.

### **PRIVATE LESSONS**

Our teacher will arrange the time and contents of the teaching programme with you according to your specific needs. Offerings include : Grammar, Conversation, Business Italian, Italian literature, Italian history, Italian geography, Italian current events (politics, costumes ect.), Italian civics, Follow-up for italian teachers.

### **COMBINATION COURSE**

For everyone who wishes to make the most progress in the period when they are studying, it is possible to combine a group course and one or two individual lessons per afternoon, with a program coordinated with the teacher.

### **WEEKEND COURSE**

For a person who wishes to make use of the week-end to make rapid progress in the study of the Italian language, or has time only for a brief visit, we offer this opportunity. The lessons are individualized for one student or for two students at the same level, who study together. The lessons can be done at the school or at the residence of the student in Treviso.

### **"VIAVAI" COURSE**

This type of course, structured with 15 individual lessons (3 lessons per day, of 50 minutes ) for one or two students at the same level who study together, is set up for those who do not wish to undertake private lessons exclusively in class, but who wish to live the daily life of the city in which they are living. Each day the students undertake one part of the lesson in class. The students pursue the other part, accompanied by an instructor, outside the school, through the experience of the daily life of Italians in the city, in the stores, in the restaurants, in the markets, in the libraries, etc. **The course "ViaVai" is recommended for those with intermediate to advanced knowledge of the language. It is not suitable for beginner or elementary level students.**

## **2025 CALENDAR**

The group course and the combination course start every second Monday (see the calendar below for the starting dates).
